

MASTERS OF THE UNDERGROUND

Artera Services is a leading provider of essential infrastructure services, partnering with natural gas, electric, water, and wastewater utilities across more than 41 states to keep critical systems running safely and reliably.

Headquartered in Atlanta with over 9,000 employees, Artera delivers a full suite of services—from engineering and construction to maintenance and emergency response—through its family of operating companies.

Known as the Masters of the Underground, Artera brings decades of expertise, a culture of safety, and a commitment to excellence to every job. Guided by our core values of Safety, Quality, Commitment, and Reputation, we are trusted to power what's next—above and below the surface—in the communities we proudly serve.
